

Persia Ink

OVERVIEW OF SILKSCREEN PRINTING INK

Material	Poly shine	Ultra shine
ABS		+
Acrylic glass		+
Paper		+
Poly amid		
Poly carbonate		+
Poly ester (PET)		+
Poly ethylene	+	
Treated poly propylene	+	
Poly styrene		+
Poly urethane		
Soft PVC		+
Hard PVC		+
Aluminum		+
Steel		+
Metal container and cans		
glass		

The following chart is only to help you to choose the best product for your application. Since the substrate may be different in their print ability preliminary tests are essential to determine the print ability.

Persia Ink

OVER VIEW OF SILKSCREEN PRINTING INK

Ink type	Surface	Drying	Special characteristic	Auxiliaries			Additives
				Thiner	Retarder	Cleaner	
POLY SHINE	treated PE	O	excellent adhesion low odour	00SLV1561	00SLV1574	00SLV1561	
ULTRA SHINE	Rigid PVC Soft PVC Acrylic , PS PET	P	very good adhesion excellent gloss	00SLV1503	00SLV1574	00SLV1503	

O =
OXIDATIVE
P =
PHYSICAL

R =
REACTIVE
